PLAN STEP 1: Create a test plan. *What is the test? What are the tasks needed to set up this test? Where and when will the test happen?*

P	PLAN STEP 2: Create a measurement plan. <i>What is the plan for collection of data (who, what, where, when, and how)?</i>
D	DO: <i>Describe what happened when you completed your test plan. What steps did you implement? Document any observations and/or problems.</i>
S	STUDY: <i>What were the results from your measurement plan? How do they compare with your prediction? What surprised you? What did you learn?</i>
A	ACT: <i>What is your next step? Adopt? Adjust? Abandon? Why? What changes could be made to the process (decisions made/action to take)?</i>
